

Warm sunny evening for the C.R.C. first Time Trail of 2008 being on the Stoneleigh and Stareton Circuit. With a breeze blowing from the Rugby direction along the A445 making hard work until the bottom of Stoneleigh Hill turn. The fastest being Richard Howes with Dead 15 minute ride, followed by Dave Boughton with a 15min 23sec and Steve Falk's 15min 28sec not a lot separating the first 3 and the only other rider to beat the 16 min barrier was Colin Miller with a 15min48sec ride. 12 club members took to the time keeper and 4 Private entries making it 16 in total. Good Luck for the future season.

Garry Hooper.
