

Hi All With a drop in entries on last year the times did not reflect the type of weather although sunny and warm to start with a good variable wind blowing did not slow the faster members of the club the winning time of 23m21s by Richard Howes and runner up Steve Falks with 23m56s making the only two to finish under 24min with Mick Jones beating the 25m barrier with 24m13s. The slowest Steve Hopper really did not reflect the affect made on his Stratford made Pashley once he has got his position right he will be showing us how its done. Garry Hooper Racing Sec. Cov Road Club.
