

After the weather we had during the day I was pleased that I had 16 starters face the time keepers. With a South Westerly wind blowing which made it a little harder this week for the riders, it only slowed them all up by a few seconds .Dave Watson again won with a 13m43s Dave Boughton second with 14m11s and Richard Howes third 14m52s . This being the last of the club time trials for this year 12 people meet up at the Rugby Tavern afterwards and enjoyed a very nice meal and finished off the evening with a chat about the past season.
