

Hi All

Sunny, warm airless evening produced several improvements from last week. Another CRC record for the Stoneleigh circuit David Watson's 21 sec. improvement gave him the winning ride (13:58). Richard Howes 24 sec. improvement 2nd.with (14:48). David Boughton 16 sec. improvement 3rd.with (14:55). Other improvements being Paul Moss 21 sec. Bob Awcock 5sec.

The hill climb events are the next to come Burton Dassett 23/09/2007 @ 11-00am,
Mawxstoke 14/10/2007 @ 11-00am.

Time for the CRC memebers to claim club championship trophies, with the relevant result sheets.

Have a good cyclo-X and hill climb season.
