

With a drop in entries from last year 11 club members felt it was worth the effort, with the weather not deciding what to do, the lads and lady's were not sure whether to go for dry tyres or wet those deciding to go for dry soon got them wet but only for a short period. The time for the winner was a little slower than last week 12 sec to be exact. But Dave Boughton brought a little extra affect from some where and managed to reduce his time by 6 sec being the only person to better last weeks time. Steve Falk came 3rd with a 15min 41sec ride these riders being the only from the club to beat the 16min barrier Mike Wheeler being the only other rider to go under the 16min. The evening was finished off by Jan and Pete Shepherd bringing out the Tea and Buns.
