

Hello All

With a South Westerly wind the riders left the time keeper heading into the wind to the first turn where the ride got a lot easier. With the wind blowing them from Cubbington to the A423. Turning then up Princethorpe hill this did not affect them too much, but when they turned to the finish they had to fight to get back to the finish time keeper. Only four riders managed to get under the 30minute barrier being Dave Watson with 26m14s Dave Boughton 27m37s Richard Howes 28m16s and Mark Burnham with 28m49s.

Garry Hooper Racing Sec Coventry Road Club.
