

23 Riders took to start a little later than planned but grateful that they could ride at all after they had to wait for the temporary traffic lights to be removed from the A445.

Only 2 riders got under 24 minutes. Dave Watson was 1st with a 23:31, Richard Howes a close 2nd with a 23:39 and Ben Hurford 3rd with a 25:03. The weather being windy and very cold slowed a lot of the riders down from their normal times - it can only get better.
