

The rain eased before the start and the roads were safe to ride with no water hanging in the gutters.

Only 6 riders turned up to ride, not surprising considering the weather. Still, some good rides were achieved with Dave Watson being 1st (14:17), 2nd Richard Howes (15:22) and 3rd Lee Pannozzo (16:36). Steve Hopper and Richard Hill rode a 2 up and returned a time of 16:35.

We all just had time to have a cup of tea and a cake before the rain started again.
