

## **Coventry Road Club TT Report**

**Date – 10/05/2012**

**Course – K12/11.5**

What a night the weather was undecided on what to do, but then very heavy rain began just before the start. The decision was made for the riders to only ride the one lap. After the first two riders had started the rain stopped and eventually the sun came out and it was dry for the rest of the evening. Unfortunately the only person who did not get told was John Grumbly who was trying hard as he passed the finish area did not hear that it had been cut to 1 Lap. His first lap was done in 33m 01sec he claims he completed his second lap in 20 min unfortunately the time keepers were not able to verify this.

Dave Watson won with a time of 27min 46sec, 2<sup>nd</sup> Richard Howes 29m 12sec and 3<sup>rd</sup> Glen Tearle 30m 58sec.
