

Coventry Road Club TT Report

Date – 28/06/2012

Course – K12/10 Training 10 No 8

After a day that looked like the event might be cancelled the weather turned and finished the day very warm with plenty of sunshine. The wind was blowing into the riders face after the turn which made it hard work getting back. Someone forgot to tell Dave Watson about this and he finished up doing a 21min 46sec ride and winning the event. 2nd was Richard Howes with 22m59sec and 3rd Richard Chamberlain 23m16sec. Libby McLaren finished with 27m50sec. First of the private rides was Paul Jeffries with 24min48sec from the Warwick University Tri Club this being the end of their term with them starting back in October.
