

Hi All

Yet another wet Thursday fortunately it did not rain during the event but there was a very brisk wind crossing the course which meant there were few places where the riders were wind assisted.(the same as the previous evenings 25 on the same roads)

Five intrepid riders took to the road with R.Howes taking the honours 1:12:30, D.Boughton a creditable 1:13:27 he was also 1st

On handicap (1:10:57) with M.Swales 2nd.on handicap (1:12:24) with actual 1:15:24.

M.Swales and R.Howes lead the handicap series with 25 points each, D.Boughton is a close 2nd. with 23 points, D.Atkins and R.Wilson are in the 3rd. place with 15 points.

Both Sheila and Roger turned out last week in the hope of more entrants to the Claud Butler 30, we both returned home very soggy.

Roger Gillitt signing off very tired having ridden both the 25 and 30.
