

Hi All

The evening training 10 had a warm helpful breeze for a change instead of the high winds, cold and dull weather. Dave Watson was unfortunate enough to puncture, so did not figure in the result this time. Everyone was pleased with their times, getting close to their best times this year. Richard Howes (21:54) had a good battle with Terry Meechan (22:25) and Mark Burnham (22:32) to gain first place. Martin Swales (23:19) just pipped Mick Jnes (23:21) for fourth place.

The highlight of the evening was Lesley Robertson bringing out the four riders who will travel from Coventry to Stoke on Trent tomorrow and had already ridden from Bedford before the event. Karen Breneman, Ruth Beale and Michael Richards, who all rode the event and did creditable times. Ruth's was her first time trial. We wish them good luck and a safe journey on the rest of their ride which I believe ends in Liverpool. All the best Roger Gillitt organiser for the night.
