

Hi all

What a wind at the top of Burton Dassett Hill, Jean Bayliss the finish time keeper and the recorder Gary Hooper were glad to get into the finish car out of the wind. It was a difficult cross wind for the last 100yds. Eight starters all went off like whippets but soon felt the pain of the first tough section of the hill.

Darren Atkins, Andy Wearing, Paul Moss, Steve Falk were at the top within the minute the remainder spread over the 2 minute times. There was a good turnout to watch and partake off a hot cup of tea.
